RICHARD FRINIER

Celebrating over 30 years of designing furniture, textiles, lighting and accessory design, **Richard Frinier** has spent a lifetime designing authentic, relevant and memorable creations inspiring designers to create living spaces that bring the quality of indoor living outside and the casual and balanced spirit of the outdoors inside.

He has created thousands of designs across hundreds of collections garnering over 90 design excellence and career achievement awards, including induction into the American Home Furnishings Hall of Fame and a Lifetime Achievement Award from the International Casual Furnishings Association. In addition to his lifelong commitment to and passion for design, materials and his intuitive observations of what is missing and what can be, his travels to over 40 countries across five continents also serve as a rich source of inspiration from these remarkable cultural experiences he continues to infuse into his body of work at large.

Richard Frinier has been collaborating with and designing for the premiere Sunbrella® brand of performance fabrics for over 25 years due to their remarkable vision, unparalleled leadership and unlimited abilities and creative possibilities. This partnership led to further collaboration with Pindler, as the distinguished and sought after provider of luxurious and award-

winning fabrics for interiors and exteriors to the A+D community and interior designers nationwide.

The Seaside Collection follows a series of unique, successful and visible textile collection collaborations between Pindler, Sunbrella and Richard Frinier, including: Maison et Jardin and the award-winning Origins and Caravan performance textile collections. This partnership is based in a shared philosophy of understanding and respecting the design community and its need for exclusivity and customization by consistently meeting and exceeding expectations with original and inspired designs, leading innovation and superior customer service.

The newest offering to emerge from Pindler, Sunbrella® and celebrated designer Richard Frinier is ***The Seaside Collection*** named for the many iconic and romantic coastal destinations and locales around the world that served as inspiration for these distinctively beautiful and exceptionally executed performance textiles.

Speaking to his creative process in conceptualizing ***The Seaside Collection***, Richard Frinier imparts that, "As a native Southern Californian, I have lived in and around a coastal region for all of my life and I have also traveled extensively around the world, so I am naturally drawn to seaside destinations and lifestyles." Adding, "Whether you are on the western, eastern or southern coastlines of America or visiting the Cote Azur of France or island hopping in the Caribbean, Hawaii or Southeast Asia, there is an inherent allure

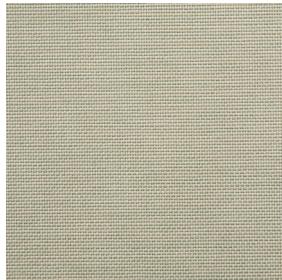

to seaside cities and resort villages that beckons us to come closer and then compels us to linger, leaving a lasting mark on our memories and in our hearts long after we have returned home."

The designer has creatively captured this strong emotional appeal and experience in ***The Seaside Collection*** from the Richard Frinier Collection for Sunbrella® available exclusively through Pindler. Softly contrasting and tonal-textured constructions, contemporized classic patterns and sun-washed color ways reflect the best of global seascapes come together to create and incredibly easy array of richly styled and complementary fabrics to design, decorate and accent any indoor/outdoor living space wherever the authentic essence of seaside resort living may be desired.

THE SEASIDE COLLECTION

The Seaside Collection is comprised of: two basecloths - **Stonebrook** and **Bayshore**; two stripes - **Coastview** and **Fairharbor**; and, three patterns – **Palma**, **Freeport** and **Southpoint**.

5705 - Bayshore

A boxweave construction woven on a common warp allowing for a beautiful range of coastal hues.

Color ways: Natural, Beach, Sand, Dune, Bluff, Mesa, Sunset, Seafoam, Sky, Heather and Pebble.

5706 - Stonebrook

A lightweight, textured plain weave made from ratiné yarns with the appearance of beach sand.

Color ways: Natural, Shell, Dune, Denim, Heather and Stone.

5707 - Coastview

A woven using the Stonebrook construction illustrating a classic and spirited espadrille stripe.

Color ways: Natural, Shell, Sand, Dune, Mesa, Sunset, Seafoam, Palm, Sky, Heather and Pebble.

5708 - Fairharbor

A correlating cabana stripe to complement the Bayshore construction created in sun-washed and soft pastel colors.

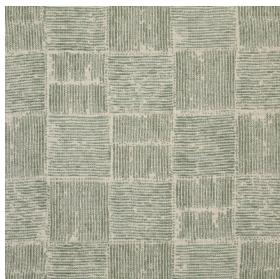

Color ways: Natural, Sand, Dune, Mesa, Sunset, Seafoam, Sky, Heather and Pebble.

5709 - Palma

A banana leaf pattern on a jacquard construction inspired by the botanical gardens and landscapes of seaside resort locales.

Color ways: Stone, Sand, Mesa, Palm, Mist and Heather.

5710 - Freeport

A woven jacquard with an oversized, open basketweave pattern enhanced by a slightly distressed and hand-woven appearance symbolic of the many pathways intersecting with locals and visitors, while strolling, shopping, dining and relaxing along the colonnades, loggias and passageways of seaside resort villages around the world.

Color ways: Stone, Sand, Mesa, Palm, Mist and Heather.

5711 - Southpoint

A softly distressed jacquard diamond pattern that evokes imagery of more nostalgic and classic seaside resort architecture in a stylized reference to decorative tiles.

Color ways: Stone, Sand, Mesa, Palm, Mist and Heather.

High performance, UV stabilized pigments are added during the production of fade-resistant Sunbrella fiber, giving Sunbrella yarn and fabric color throughout that won't fade or wash away. Think "carrot."

In ordinary fabrics, dyes are added to the surface of the yarn or fabric. The color only penetrates the outer layer and washes out or fades away over time. Think "radish."

CERTIFICATIONS

Sunbrella shade fabric has achieved GREENGUARD GOLD Certification. Sunbrella shade fabrics are certified by GREENGUARD as contributing to healthy indoor air by being a very low emitting interior product.

The Skin Cancer Foundation recommends Sunbrella fabrics in shading products as an aid in the prevention of sun-induced damage to the skin as a part of a complete sun protection regimen, including regular use of sunscreen.

SUSTAINABILITY

Solar Energy

A solar array at the Sunbrella plant in Norlina, NC generates enough energy to power 47 homes, and combined with an upgrade of all light fixtures, has reduced the plant's annual CO2 emissions by 1,000 tons.

Zero Landfill

No Sunbrella manufacturing facility in the world sends waste to landfills. A result of our focus on efficiency, this monumental achievement allows Sunbrella to lead by example, putting sustainability into practice every day across the globe.

Wastewater Reduction

Our unique coloring process not only makes Sunbrella fabrics fade-resistant, it also conserves more water than conventional dyeing processes.

Create Less Waste

Because Sunbrella fabrics last longer and need to be replaced less often than traditional fabrics, they ultimately create less waste than fabrics that mildew, fade or lose strength quickly.

Recycle Sunbrella

Help us remain sustainable. Sunbrella provides a unique way for you to recycle Sunbrella fabrics through a revolutionary take-back program, "Recycle My Sunbrella." Learn more at www.recyclemysunbrella.com.

CARE AND CLEANING

All Sunbrella® fabrics are engineered to combine the highest level of design and performance. For easy day-to-day maintenance of your Sunbrella fabric:

- Brush off loose dirt.
- Spray on a cleaning solution of water and mild soap.
- Use a soft bristle brush to clean.
- Allow cleaning solution to soak into the fabric.
- Rinse thoroughly until all soap residue is removed.
- Air dry.
